

North East Victorian Hang Gliding Club

2008-2009 NEVHGC Competition Liaison Report

Over the past year NEVHGC sites were used for the following events:

- NTVO
- Bogong Cup
- Mystic Cup
- Bright Open
- Easter Fly-in

The comps were attended by in excess of 200 pilots, who came to Bright from over 12 countries. (including Spain, USA, Germany, Russia, Austria, Czech Republic, New Zealand, the Netherlands, Norway, the UK, Japan).

The clubs supply of competition equipment (whiteboards, taskboards, area maps, goal lines, marquee, etc) was used during the Bogong Cup, the Mystic Cup, & the Bright Open. It would be good to improve some of the equipment kept for competitions, however upgrading the launch has meant that the club has needed to minimise spending until its financial position has improved.

The club isn't trying to make lots of money from comps but to maintain and improve the facilities that pilots enjoy when they fly in Bright, encourage more pilots to participate in comps in the area and make running a comp as easy as possible for the organisers.

The competition organisers have all been well organised and very easy to work with and deserve thanks for their efforts and praise for the success of the comps they have organised.

Bill Oates
NEVHGC Competition Liaison Officer
